TRAFFIC ALERT

City of El Paso closes Montwood Drive between McRae and Wedgewood

EL PASO, Texas – The City of El Paso will temporarily close Montwood Drive to all traffic between McRae Boulevard and Wedgewood Drive beginning on **Monday, February 23, 2015**.

The closure is necessary to complete the Montwood Drive Reconstruction Project on schedule. This 24-month-long project will provide the neighborhood with new trees, sidewalks, pavement, and drainage.

"We've appreciate the neighborhood's patience and understanding over the last two years of this project, we're asking for their continued patience for two more weeks," said Fred Lopez, who oversees the City of El Paso's Capital Improvement Program which includes street reconstructions. "When this project is complete, it will be a more beautiful corridor which enhances the neighborhood and quality of life of the residents."

The temporary closure will begin at 6am on Monday and continue for two weeks. Motorists should follow marked detours and consider alternate routes while the work is in progress.
